Re: Request for Proposal for Professional Auditing Services for the fiscal years ended September 30, 2018 with an option for two additional annual renewals.

Grau & Associates (Grau) is pleased to respond to Catalina at Winkler Preserve Community Development District's (the "District") Request for Proposal (RFP), and look forward to working with you on your audit. We are a team of knowledgeable professionals with extensive experience in audits for organizations just like yours, and we know how to work with you to complete an effective and efficient audit.

Since our focus is on government, we fully understand the professional services and work products required to meet your RFP requirements. Our team provided services in excess of 19,000 hours for our public sector clients last year, and we currently audit over 300 governmental entities. Our practice is unique as 98% of work is either audit or work related to government and non-profit entities.

In addition to our firm's focus, Grau & Associates is a great fit for your audit for a variety of other reasons, including:

- **Experience**

Grau is proud of the fact that the personnel we assign to your audit are some of the most experienced auditors in the field. Unlike many other firms, our auditors work almost exclusively with governmental entities, which mean they are more knowledgeable and efficient on audits like yours. Our engagement partners have decades of experience and take a hands-on approach to our assignments, which all ensures a smoother process for you. Also, due to Grau's very low turnover rate for our industry, you won't have to worry about retraining your auditors from year to year.

- **Service**

Our clients are pleased with the level of personalized service they receive from our talented professionals. Because of our extensive experience, we are adept at making the transition to a new firm as smooth as possible. We work with you to resolve any issues and keep in regular contact so there are no surprises when the final report delivers. In fact, your engagement team will report any potential audit adjustments to you on a regular basis so you will have adequate time to research and respond. Additionally, we have a disaster recovery plan that includes daily data back-ups and offsite file storage, so in the case of an emergency, your records would be safe.

- **Responsiveness**

We pride ourselves on our high level of responsiveness. We answer emails and telephone calls within 24 hours, and usually right away. We are always accessible to clients during business hours, and make every effort to answer any questions as they arise. Additionally, we don't just complete your audit and disappear. We understand the "big picture" and think beyond the traditional auditor's perspective. We remain in touch for the entire year, suggesting ways you can improve your District's performance, procedures and controls. We will update, advise and educate you on new or revised reporting requirements so you are sure to always remain compliant.

- **Reputation**

Our reputation in our field is impeccable. **We have never been involved in any litigation, proceeding or received any disciplinary action. Additionally, we have never been charged with, or convicted of, a public entity crime of any sort.** We have the professional staff available to perform the engagement and resources required to complete the work. We are financially stable and have never been involved in any bankruptcy proceedings.

- **Standards**

Specific Audit Approach

SCOPE / WORK PRODUCTS / RESULTS

Grau's Understanding of Work Product / Scope of Services:

We recognize the District is an important entity and we are confident our firm is eminently qualified to meet the challenges of this engagement and deliver quality audit services. ***You would be a valued client of our firm and we pledge to commit all firm resources to provide the level and quality of services (as described below) which not only meet the requirements set forth in the RFP but will exceed those expectations.*** Grau & Associates fully understands the scope of professional services and work products requested. Our audit will follow the Auditing Standards of the AICPA, *Generally Accepted Government Auditing Standards*, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida and any other applicable Federal, State or Local regulations. **We will deliver our reports in accordance with your requirements.**

Proposed segmentation of the engagement

Our approach to the audit engagement is a risk-based approach which integrates the best of traditional auditing techniques and a total systems concept to enable the team to conduct a more efficient and effective audit. The audit will be conducted in three phases, which are as follows:

Phase I - Preliminary Planning

A thorough understanding of your organization, service objectives and operating environment is essential for the development of an audit plan and for an efficient, cost-effective audit. During this phase, we will meet with appropriate personnel to obtain and document our understanding of your operations and service objectives and, at the same time, give you the opportunity to express your expectations with respect to the services that we will provide. Our work effort will be coordinated so that there will be minimal disruption to your staff.

During this phase we will perform the following activities:

- Review the regulatory, statutory and compliance requirements. This will include a review of applicable federal and state statutes, resolutions, bond documents, contracts, and other agreements.
- Read minutes of meetings.
- Review major sources of information such as budgets, organization charts, procedures, manuals, financial systems, and management information systems.
- Obtain an understanding of fraud detection and prevention systems.
- Obtain and document an understanding of internal control. Consider the methods that are used to process accounting information which influence the design of the internal control. This understanding includes knowledge about the design of relevant policies, procedures, and records, and whether they have been placed in operation.
- Assess risk and determine what controls we are to rely upon and what tests we are going to perform. Perform test of controls.
- Develop audit programs to incorporate the consideration of financial statement assertions, specific audit objectives, and appropriate audit procedures to achieve the specified objectives.
- Discuss and resolve any accounting, auditing and reporting matters which have been identified.

Phase II – Execution of Audit Plan

The audit team will complete a major portion of transaction testing and audit requirements during this phase. The procedures performed during this period will enable us to identify any matter that may impact the completion of our work or require the attention of management. Tasks to be performed in Phase II include, but are not limited to the following:

- Apply analytical procedures to further assist in the determination of the nature, timing, and extent of auditing procedures used to obtain evidential matter for specific account balances or classes of transactions.
- Perform tests of account balances and transactions through sampling, vouching, confirmation and other analytical procedures.
- Perform tests of compliance.

Phase III - Completion and Delivery

In this phase of the audit, we will complete the tasks related to year-end balances and financial reporting. All reports will be reviewed with management before issuance, and the partners will be available to meet and discuss our report and address any questions. Tasks to be performed in Phase III include, but are not limited to the following:

- Perform final analytical procedures.
- Review information and make inquiries for subsequent events.
- Meeting with Management to discuss preparation of draft financial statements and any potential findings or recommendations.

You should expect more from your accounting firm than a signature in your annual financial report. Our concept of truly responsive professional service emphasizes taking an active interest in the issues of concern to our clients and serving as an effective resource in dealing with those issues. In following this approach, we not only audit financial information with hindsight but also consider the foresight you apply in managing operations.

Application of this approach in developing our management letter is particularly important given the increasing financial pressures and public scrutiny facing today's public officials. We will prepare the management letter at the completion of our final procedures.

In preparing this management letter, we will initially review any draft comments or recommendations with management. In addition, we will take necessary steps to ensure that matters are communicated to those charged with governance.

In addition to communicating any recommendations, we will also communicate the following, if any:

- Significant audit adjustments;
- Significant deficiencies or material weaknesses;
- Disagreements with management; and,
- Difficulties encountered in performing the audit.

Our findings will contain a statement of condition describing the situation and the area that needs strengthening, what should be corrected and why. Our suggestions will withstand the basic tests of corrective action:

- The recommendation must be cost effective;
- The recommendations are to be the simplest to effectuate in order to correct a problem;
- The recommendation must go to the heart of the problem and not just correct symptomatic matter; and
- The corrective action must take into account why the deficiency occurred.

To assure full agreement with facts and circumstances, we will fully discuss each item with Management prior to the final exit conference. This policy means there will be no “surprises” in the management letter and fosters a professional, cooperative atmosphere.

Communications

We emphasize a continuous, year-round dialogue between the District and our management team. We typically begin our audit process with an entrance conference before the onsite fieldwork begins. We regularly communicate through personal telephone calls and electronic mail throughout the audit and on a regular basis. Our clients have the ability to transmit information to us on our secure client portal with the ability to assign different staff with separate log on and viewing capability. This further facilitates efficiency as all assigned users receive electronic mail notification as soon as new information has been posted into the portal. We strive to continue to keep an open line of communication through the fieldwork and ending with an exit conference.

ARBITRAGE

The federal government has imposed complex rules to restrict the use of tax-exempt financing. Their principal purpose is to eliminate any significant arbitrage incentives in a tax-exempt issue. We have determined the applicability of these requirements and performed the rebate calculations for more than 150 bond issues, including both fixed and variable rate bonds.
